

FOREIGN INTELLIGENCE.

ARRIVAL OF THE STEAMER HIBERNIA.

TWELVE DAYS LATER FROM ENGLAND.

From the New York Sun Extra.

The steamship Hibernia, Capt. Ryrie, arrived at her wharf at East Boston, Wednesday morning, a few minutes before six, making a short passage of twelve and one-half days.

The Hibernia was detained off Boston harbor by the thick weather of Tuesday. Had it been clear on that day, she would have made the passage in less than twelve days, the shortest passage ever made. She had an unusual large share of passengers, numbering 111 from Liverpool to Halifax and Boston, and 6 from Halifax.

We are indebted to Wilmer & Smith's European Times for the following summary of news:

The demand, at Liverpool, on the 3d, for cotton, is steady, and the middling qualities of American being sparingly offered, the market continues tolerably firm. It is generally understood, that if better prices were insisted upon, the demand would fall off.

The daily papers have been discussing, with more or less acrimony, since the sailing of the last packet, the mutiny amongst the supporters of the ministry, arising out of the sugar question. The Times and the Morning Post rail furiously at Peel; amongst all the London morning and evening press, the Morning Herald and the Standard are his only supporters. A government so feebly defended in the press, and exposed to so many and bitter attacks from all quarters, must daily become morally weaker, however powerful its majority on the benches of the House of Commons.

The grain markets, in consequence of the recent rains—although more is still wanted, are more depressed than they were at the sailing of the last packet, and prices have receded a little. Canadian flour has met a free sale at 28s. to 28s. 6d. per barrel, and has been a good deal inquired for.

The state of lethargy which has hung so long over the West India markets, produced by legislative instability, has disappeared, and the produce of those colonies is now brought freely forward and sought after.

On Saturday evening, the 22d ult., the Duke and Duchess of Sutherland were honored with the gracious company of the Queen and her illustrious consort, at Stafford House, on the interesting occasion of the christening of their infant son. The visit of royalty was more especially the result of his Royal Highness Prince Albert's promise to honor the Duke and Duchess by personally standing as sponsor to the infant lord, and as a mark of favor, her Majesty was pleased to accompany her Royal husband, and be present at the baptismal ceremony.

Letters have been received by the Admiralty from Captain Wyvill, of the Cleopatra, 36 guns, at the Cape of Good Hope, confirming the account of the massacre of Lieut. M. T. Molesworth and seven seamen of the frigate.

The torch of the incendiary still blazes in the agricultural counties of Norfolk and Suffolk.

Arrangements will be made, in anticipation of the accouchement of the Queen, which will take place at Windsor Castle, for intelligence to be conveyed to London, by means of the galvanic telegraph on the line of the Great Western Railway.

INDIA AND CHINA.—The news by the overland mail is generally regarded as being unfavorable in a commercial point of view. The demand for British manufactured goods had been somewhat checked during the interval of the previous arrival. One of the accounts states, that the American merchants were most persevering in their efforts to dispose of manufactures received from the United States, and that "American domestics" had, for the first time, been inserted in one of the prices current, although not much is reported to have been done in them.

LOSS OF THE STEAMER MANCHESTER.—A great sensation has been created by the news of the loss of the steamer Manchester, Capt. Dudley, on the mouth of the Elbe, on the 16th and 17th ult., with the whole of her crew and six passengers. Several other vessels went down in the same gale.

Mr. Daniel O'Connell, jr., had addressed the repeaters of Ulster after the manner of his father, calling upon them to abstain from any outrage upon the Orangemen, who, it is said, intend to walk in procession on the 1st and 12th of July.

It is reported that the present session of Parliament will be brought to a close about the middle of July.

Great meetings have been in England in behalf of the Irish traversers.

The electors of several boroughs in Ireland returning Conservatives and non-Repeal members have sent requisitions to their representatives, calling upon them to resign.

The Queen has conferred the Grand Cross of Charles III. on Santa Anna, President of the Republic of Mexico.

It is now settled that the Count de Trepani—brother of the King of Naples, is to marry the Queen of Spain.

During the past 12 months, Spain has had seven different ministries.

The Prince de Joinville has sailed in command of the expedition against Morocco.

The dowager Lady Glenlyon, died on the 21st ult., at Dunkeld.

It is announced that the Dublin Corporation, to mark their sympathy for Mr. O'Connell, intend to elect him Lord Mayor for the ensuing year—the term of the present official expires in November.

The new Lord Lieutenant of Ireland, Lord Heytesbury, appointed to succeed Earl de Grey, appears to stand well in the estimation of all parties in the state.

During the imprisonment of O'Connell, the 'rent' keeps up to the mark, and the excitement of the people appears to be at fever heat. The Catholic clergy have set Sunday, the 25th instant, apart, as a day of general humiliation and prayer for the incarceration of the Chief.

REPEAL ASSOCIATION.

At the usual weekly meeting of this body, on the 24th ultimo, Mr. D. O'Connell, junior, was happy to report that all the traversers were in excellent health and spirits, and in particular that Mr. O'Connell was never better, and never

enjoyed greater animation. The amount of the repeal rent for the week was announced, amid deafening cheers, to be £3,178 11s 1d.

The Dublin Evening Post remarks, that there has been held four meetings of this association since Mr. O'Connell's imprisonment, and the following are the weekly returns of the amount of Repeal subscriptions:

June 3, £2,600; June 10, £3,100; June 17, £3,389; June 24, £3,178.

There are the sterling evidences of the extinction of repeal agitation by State prosecutions. FRANCE.—The most interesting portion of the intelligence received from France since our last arrival relates to the affairs of Algeria and Morocco. The Emperor of Morocco, on receiving the report of the defeat of his troops, and savored the conduct of their commander.

SPAIN.—We are in possession of accounts from Madrid of the 24th ultimo. The Minister of Finance and the state creditors had come to an understanding respecting the price at which the new three per cent. stock should be issued.

The Carlist Chief, El Groe, so long the terror of the Maestrazgo, had been captured and shot on the 18th.

TURKEY.—Letters from Constantinople, of the 17th ult., announce that the Sultan had returned to that capital on the 10th, after a tour under the most favorable auspices.

The principal actors in the riots at Lattakia, have been transported to the hulks at St. Jean d'Acre.

PORTUGAL.—The Queen, whilst the Cortes is suspended, has signed a decree, defining to which of the colonial ports British ships shall have access under the treaty of July, 1842, what importations are entirely prohibited, and what must be exclusively in Portuguese bottoms.

The most frightful depression prevails in the wine interests of Oporto and Madeira, and good wine is unsaleable at £5 per pipe.

LOCAL NEWS.

SONS OF TEMPERANCE.—We understand that a charter was lately granted by the Grand Division of the State of N. w York (now exercising the powers of the Grand Fountain Head of the United States) to form a Grand Division of the District of Columbia. It was instituted on Monday, the 6th inst., when the following officers were elected:

John D. Clark, Grand Worthy Patriarch
William Whitney, Grand Associate
Charles W. Boteler, Grand Scribe
L. A. G. Wright, Grand Treasurer
T. N. Davy, Grand Conductor
Z. K. Offutt, Grand P. W. Patriarch
F. A. Dunn, Grand Sentinel

It is gratifying to learn that within fifteen months four Divisions have been organized in the District, numbering three hundred members.—The Sons of Temperance are rapidly increasing. Nat. Int.

MAGAZINES, &c.—G. Brooke, periodical agent, with his usual promptness, has laid upon our table the August numbers of the Lady's Book and Graham—which are, as usual, replete with interesting reading matter, and embellished with beautiful engravings. Godey has a beautiful engraving, "the Mill Boy," (which Mill Boy—of the Slashes!) and Graham an excellent likeness of J. Fennimore Cooper, the popular author, and one of the contributors to the Magazine.

We have also received from Mr. Brooke No. 6 of Harper's Illustrated Bible, and No. 1 of the "Wandering Jew," a translation from the French of Eugene Sue, by H. W. Herbert, Esq.

JUDICIARY SQUARE.—Our attention has been called of late to the offensive state of the northern half of the Judiciary Square, which, in addition to its occupancy by all the pig-styes and cow-houses of the neighborhood, is now used as a depot for manure, filth, &c. We perceive that a squatter has recently located himself upon the ground, and purposes further to beautify its appearance by the removal of the lock-up house from the Insane Hospital grounds, to the centre of this green. Would it not be well for the Commissioner of the Public Buildings, who we believe has charge of this square, to direct his attention to this matter, and do something to relieve the citizens residing in that quarter from this eye-sore and nuisance?

GLEE CLUB.—The Washington city Glee Club will meet at Concert Hall on Clay (Friday) evening, at 8 o'clock. An attendance of all the members is earnestly desired, and particular attention is directed to the hour of meeting.

A MEETING OF THE EXECUTIVE COMMITTEE of the Clay Club, will be held to-morrow evening at the Club House at 7 o'clock.

TO BACHELOR BOB, SENIOR.
FROM CHIPS—GREETING.
The poet discourseth on the good things of life—the Island House—Governor McGrath, &c. &c.

'Tis good to shun the city dust,
When mercury's at eighty-five:
And hot steam makes one's "boiler burst,"
Cooking humanity alive,
'Tis good to catch the river breeze,
While stretch'd upon a couch of grass,
Beneath the shade of forest trees,
And watch the ripples as they pass.

And as the golden sun descends,
And booms the distant evening gun:
'Tis good to join a few choice friends,
And crack a joke or make a pun.
The finny tribes leap from the river,
With "come and catch me if you can;"
But don't they groan when they discover
That they are in a frying pan?

And then to plunge into the stream,
And bid adieu to slumbering waves:
To break the spell of twilight's dream,
And echo call from hidden caves.
When all that's done—to laugh—grow fatter,
Around the board "mine host" has spread;
To smack one's lips o'er dish and platter,
And go to work when grace is said.

The "Island House"—ay, that's the place,
When Sol pours on the town his wrath:
There's shade—there's breeze—there's Boniface,
The princely governor—James McGrath!
The wild woods echo with his song,
His merry laugh dispels all sorrow;
So, Bob—since days are hot and long—
I'll meet you o'er the bridge to-morrow.

THE STAR OF THE SOUTH!

From the New Orleans Bee of the 12th.
LOUISIANA ELECTION.
GOOD NEWS FROM OUACHITA!
WHIG GAINS!!

BORDELON PROBABLY ELECTED!!!

Yesterday evening we received letters from two highly respectable gentlemen, one living in Ouachita and the other in Caldwell, furnishing full returns from that district. The news is most cheering. Ouachita gives 41 majority to Morse, Caldwell 63; Union gives Bordelon 30 majority; Morehouse 60, and that part of Franklin which votes with the 4th district gave 23 Whig majority. In the Ouachita district, Downs is elected to the Convention as Senatorial delegate, without opposition, and Farmer, Locofoco, and Garrett, Whig, as district delegates. For the Legislature the vote as reported is as follows:

Ray, Whig 325 Payne, Loco 266
May, Whig 295 Thomas, Loco 293

We have gained one member certain, and probably two. Our majority in the House can not be less than SIX, and is probably EIGHT.

The returns from the 4th district, which we subjoin, render Bordelon's election quite likely. All the parishes are heard from, except Bossier and De Soto. The vote of Bossier, we are confident, is included in that of Claiborne, and De Soto can not give 100 Locofoco majority. Bordelon's present majority is 97. The contest is excessively close, just as in '40 between Moore and Winn. Whoever is elected has precious few votes to spare:

	BORDELON.	MORSE.
St. Mary	117 maj.	
St. Martin	154	
St. Landry and Calcasieu	258	
Lafayette		151 maj.
Vermillion	60	
Rapides		160
Natchitoches		11
Caddo	30	
Claiborne		139
Sabine		70
Ouachita		41
Morehouse	60	
Caldwell		63
Union	30	
Franklin	28	
	732	635

FOURTH DISTRICT.

The Tropic after giving returns similar to those of the Bee, says: "It will be seen, therefore, that as far as heard from Bordelon leads Morse ninety-seven votes. The parishes to be heard from, Bossier and De Soto, gave Gen. Bossier 71 majority over Mr. Moore last July. It can scarcely be expected, under all the circumstances of the case, that they will give Morse, who is comparatively unknown in that region, a larger majority than Bossier received, who was personally acquainted with almost every resident of the two parishes. Moreover, we incline to the opinion that the vote of the parish of Bossier has already been given in the reported majority in the parish of Claiborne. The vote of the two parishes is usually combined. We will not crow until we are fairly out of the woods, but we will venture to express our conviction that Bordelon is triumphant by a majority ranging from 30 to 40 votes.

"The legislature is safe enough for the Whigs by a very handsome majority. The election of Messrs. May and Day, good Whigs, to the House, from the district composed of the parishes of Caldwell, Union, Ouachita, and Morehouse, is a signal victory. We have already heard positively of the election of THIRTY-FOUR Whigs to the House, giving us EIGHT majority in that body. That majority may be increased to ten or twelve. To-morrow we hope to be able to publish full and correct returns from all sections of the State."

LATEST FROM TEXAS.

By an arrival yesterday from Texas, we have received files of Galveston papers to the 6th inst. inclusive. In regard to annexation, the Galveston Gazette expresses itself well satisfied at the failure of the project, and thinks the condition of Texas will be more happy and prosperous as an independent nation.

A correspondent of the Matagorda Despatch says that two attacks have already been made upon Col. Kinney's Ranch at Corpus Christi; and that a large body of Camanches are within twenty leagues of that place, from whom a hostile visit is expected; that the Government of Mexico has entered into a treaty with those Indians, giving them blankets, ammunition, trinkets, &c., to induce them to commit ravages on our frontier.—Houston Telegraph.

A correspondent of the Galveston Gazette furnishes the details of an action between Colonel Hays and a large body of Indians near Gonzales. The Texans were only 15 in number, opposed to 75 Indians. The combat was maintained with great obstinacy for some time, those engaged in it on both sides exhibiting coolness and determined courage.—N. O. Bee, July 12.

COLUMBIAN ACADEMY.
FOR SALE, that well-known establishment, the Columbian Academy, situated on 9th, between G and H streets. The lot is fifty-eight feet six inches fronting 9th street, by one hundred and forty feet deep.—The building, 49 feet by 35, is sufficiently large to accommodate two hundred scholars, and the lot will allow of its being enlarged to any desirable size. It also has three large class rooms attached to it, all in complete order.

Adjoining the Academy is a handsome cottage, very convenient, and sufficiently large to accommodate a considerable family. The lot belonging to the cottage is fifty-four feet front by one hundred deep.—Both the buildings are forty feet from the street, and raised five feet above its level. This is one of the most beautiful and salubrious spots in the city, situated in the Northern Liberties, which for rapid improvement, activity, and enterprise of its inhabitants far exceeds any section in Washington. A few yards to the south of it, on the same square, is situated the Fourth Presbyterian Church, adjoining it on the north an Episcopal Church will be erected this year. On an adjoining square is St. Patrick's Church. In the immediate vicinity is that splendid establishment, the Patent Office, containing the apartment of the National Institute, which has only been in operation a few years, and is not, perhaps, surpassed by any institution in the world considering the time it has been in operation.

In fact, it is hard to find an establishment of superior advantages to that which is here offered, and it may be said with truth, that such a one has never been offered in this city, and perhaps never will be. The Academy might be changed into two beautiful cottages at a moderate expense.
It may not be amiss to mention that there will be soon a fine market in the Northern Liberties. The terms will be accommodating, and can be known on application to the subscriber. If not sold privately before the 20th of July, it will then be offered at public sale.

P. S. This is the third academy I have erected since I came to Washington, at an expense of upwards of \$21,000. Although I propose this one for sale I have no notion of giving up teaching. I am still healthy and very active, and may live long enough to build another academy. J. McL.
